

# Models that Work: Family First Health Center

Delicia M. Haynes, MD, Family First Health Center

Participate in polling questions and submit your questions to <https://aafp4.cnf.io/>

# Activity Disclaimer

The material presented here is being made available by the DPC Summit Co-organizers for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or processes appropriate for the practice models discussed. Rather, it is intended to present statements and opinions of the faculty that may be helpful to others in similar situations.

Any performance data from any direct primary care practices cited herein is intended for purposes of illustration only and should not be viewed as a recommendation of how to conduct your practice.

The DPC Summit Co-Organizers disclaim liability for damages or claims that might arise out of the use of the materials presented herein, whether asserted by a physician or any other person. While the DPC Summit Co-Organizers have attempted to ensure the accuracy of the data presented here, these materials may contain information and/or opinions developed by others, and their inclusion here does not necessarily imply endorsement by any of the DPC Summit Co-Organizers.

The DPC Summit Co-Organizers are not making any recommendation of how you should conduct your practice or any guarantee regarding the financial viability of DPC conversion or practice.

# Faculty Disclosure

It is the policy of the DPC Summit Co-Organizers that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

**All faculty in a position to control content for this session have indicated they have no relevant financial relationships to disclose.**

The content of this material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

# Learning Objectives

By the end of this educational activity, participants should be better able to:

- Draw upon past experiences of early DPC adopters of successful implementation within their practice
- Determine strategies to attract and engage patients and employers interested in Integrative Medicine techniques
