# Activity Disclaimer

The material presented here is being made available by the DPC Summit Co-organizers for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or processes appropriate for the practice models discussed. Rather, it is intended to present statements and opinions of the faculty that may be helpful to others in similar situations.

Any performance data from any direct primary care practices cited herein is intended for purposes of illustration only and should not be viewed as a recommendation of how to conduct your practice.

The DPC Summit Co-Organizers disclaim liability for damages or claims that might arise out of the use of the materials presented herein, whether asserted by a physician or any other person. While the DPC Summit Co-Organizers have attempted to ensure the accuracy of the data presented here, these materials may contain information and/or opinions developed by others, and their inclusion here does not necessarily imply endorsement by any of the DPC Summit Co-Organizers.

The DPC Summit Co-Organizers are not making any recommendation of how you should conduct your practice or any guarantee regarding the financial viability of DPC conversion or practice.

# Faculty Disclosure

It is the policy of the DPC Summit Co-Organizers that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

**All faculty in a position to control content for this session have indicated they have no relevant financial relationships to disclose.**

The content of this material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

# Learning Objectives

- Discover the shared joys and unique challenges of entrepreneurship.
- Review a framework in which to structure a broader vision for themselves, their career, and independent medicine.

# AES Question

# What are you going to do?

- I'm already in DPC and I'm going to forge ahead!
- Ok, I'm in.. I'm going for it. Fear is a liar!
- I had no idea what DPC was all about and now I'm inspired! (and pre-contemplative)
- You all are CR-AAAZZZZYYY! Respect; but no way!

PURPOSE: To determine what makes crystals grow. I made a Rain Garden. Daddy tells me that I should Do, Discover, and explain everything about what I did.

## MAKING A CRYSTAL GARDEN

What to Do:  
Daddy and I mixed the ingredients in all the possible different ways.

Two ingredients-  
1 charcoal + salt water  
2 charcoal + bluing  
3 charcoal + ammonia  
4 ammonia + bluing  
5 ammonia + salt water

RESULTS:

A. CRYSTALS FORMED-

1 charcoal + salt water	4 charcoal + ammonia
2 bluing + salt water	5 bluing + ammonia
3 ammonia + salt water	

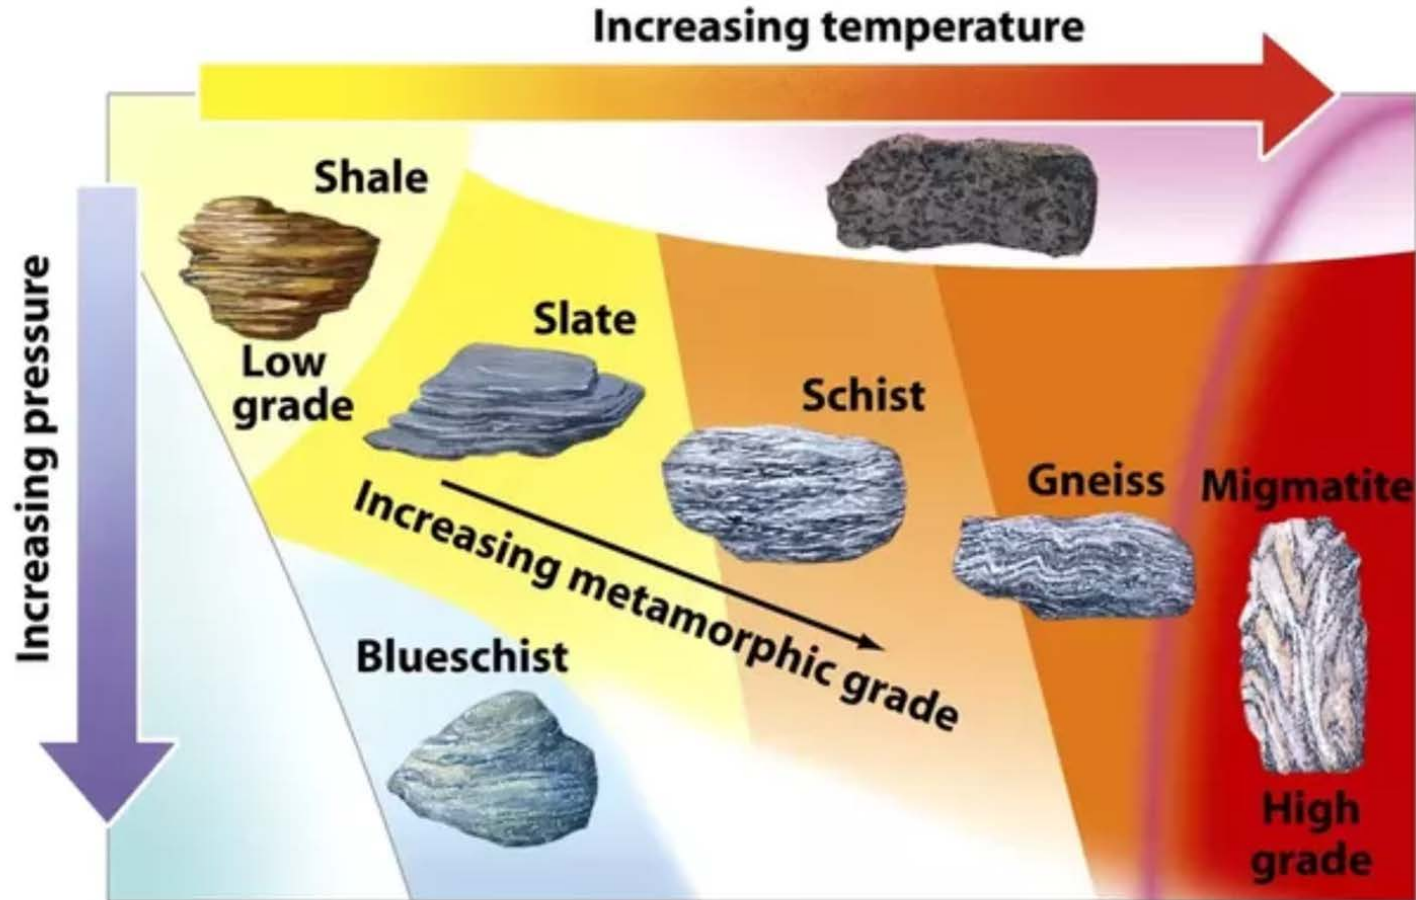

B. NO CRYSTALS FORMED-

1 charcoal + bluing	2 bluing + ammonia
3 charcoal + ammonia	4 charcoal + bluing + ammonia

CONCLUSION:  
The salt water makes the crystals grow, because every time salt water was used, crystals grew.

Handwritten notes on a red background, including a title 'CRYSTAL GARDEN' and a list of ingredients: charcoal, salt water, bluing, ammonia.
